MEMORANDUM

DATE: October 11, 2024

TO: MWA Board Members

CC: MWA Staff

FROM: Michael McCoy, Executive Director

RE: Wednesday, October 16, 2024, Board Meeting

.....
This month's board meeting is scheduled for Wednesday, October 16, 2024, at 5:45 pm in the board room at Central Office (300 East Locust Street, Ste. 100, Des Moines, Iowa). If you have questions about any items listed below, please call me at 323.6535 (w) or 707.3869 (c). I look forward to seeing you on Wednesday.

The following numbered items correspond with the number of the item on the agenda:

Consent Agenda Items for Approval

9. Resolution 10-24-04 - Approval to Purchase Automatic Tarping Machine for Metro Park East Landfill – Action for Approval
The recommended machine is a scheduled replacement that is compatible with others currently used in operations. Staff recommends approval.
10. Resolution 10-24-05 – Approval to Purchase Two Semi Tractors for Metro Transfer Stations – Action for Approval
A fleet of tractors/trailers are used by the agency to haul trash from transfer stations to the landfill. The equipment is essential to operations, so a regular rotation of replacements is recommended. Staff recommends approval.
11. Resolution 10-24-06 – Approval of Payment of Funds by ICAP Pursuant to Settlement Agreement – Action for Approval
Payment to settle claim pursuant to agreement with ICAP. Staff recommends approval.

CONSENT AGENDA ITEM 9**

ITEM:

Approval to Purchase of Automatic Tarping Machine for Metro Park East Landfill

SUMMARY:

The recommended machine is a scheduled replacement that is compatible with others currently used in operations.

DISCUSSION POINTS:

The Tarpomatic machine is recommended because it is compatible with existing tarp and spools. Metro Park East has successfully utilized tarping machines to reduce daily cover soil consumption since 1999, extending the life of the landfill.

STAFF RECOMMENDATION:

Staff recommends approval of the Tarpomatic, Inc., quote in the amount of \$78,730.00.

ATTACHMENTS:

- Tarpomatic, Inc. Quote

BUDGET REQUIREMENTS:

The quoted price of \$78,730.00 is under the budgeted amount in FY25 Capital Expenditures.

Approval to Purchase Two Semi Tractors for Metro Transfer Stations

SUMMARY:

In FY25, \$400,000 is budgeted for the purchase of two truck tractors (semis) at a cost of \$200,000 per truck. The semis are used to haul trash from the transfer stations to the landfill.

DISCUSSION POINTS:

Metro Waste Authority has a fleet of tractors/trailers to haul trash from transfer stations to the landfill. The equipment is essential to operations, so a regular rotation of replacements is recommended.

STAFF RECOMMENDATION:

Staff recommends approval to purchase two Peterbilt 567's. Final cost will be under budget at cost of \$199,892 per truck. Staff recommends the Peterbilt due to past experience with others in the fleet and familiarity servicing the trucks.

BUDGET REQUIREMENTS:

Total cost per truck is \$199,892, which is under budget per semi.

ATTACHMENTS:

- Peterbilt 567 Quote \$199,892

Metro Waste Authority
12181 NE University Ave
Mitchellville, IA 50169

Midwest Peterbilt Group is pleased to present the following bid to Metro Waste Authority for four new Peterbilt model 567 6x4 day cab tractors. Tractors to be the same paint color (Urban Titanium) as previously sold to MWA in 2023. These tractors are presented with four different configurations:

- 430 horsepower 1650 torque Cummins X15 engine with Allison 4500 RDS-P Automatic Transmission
- 430 horsepower 1650 torque Cummins X15 engine with Eaton Endurant XD Pro Automated Transmission
- 430 horsepower 1650 torque PACCAR MX-11 engine with Allison 4500 RDS-P Automatic Transmission (same configuration as the previous 4 567 tractors sold to MWA in 2023)
- 430 horsepower 1650 torque PACCAR MX-11 engine with Eaton Endurant XD Pro Automated Transmission

This bid is presented with these four configurations due to availability and weight factors. The specifications packet provided by MWA indicates that the maximum weight of the tractors shall be 16,000 lbs. The only way to achieve this weight is with the PACCAR MX-11 engine and Eaton Endurant XD Pro Transmission configuration.

Due to Allison's inability to keep up with the demand for their 4000 series transmissions this year it is currently sold out across all manufacturers. At this point it is uncertain what the availability of Allison 4000 series transmissions will look like next year. Earliest availability is currently estimated mid-Q1 and there will likely be an allocated amount of these transmissions for each manufacturer. This creates pricing uncertainty for tractors with the Allison transmission as 2025 pricing has not been released yet. As a result, availability and pricing for tractors with the Allison transmission cannot be guaranteed.

The Eaton Endurant XD Pro is a capable alternative to the Allison with similar performance and functionality while being lighter weight and lower cost. Tractors with this transmission currently have an 8-10 week lead time from the order date.

The following pages contain pricing and weight breakdowns for each of the four configurations as well as a detailed specifications sheet with dimension diagrams.

Ankeny (Des Moines) • Council Bluffs (Omaha) • Lincoln • Norfolk • Sioux City
